C	PE9010	Phenoxyethanol, Ethylhexylglycerin	1.00	

Formulation Code: 114-20-07-00/1

Ingredient Benefits

Spraymulse®

- Effectively stabilises up to 50% oil at low use level.
- Light, non sticky and non greasy
- Very matte with a smooth finish
- Low viscosity, fine texture emulsion
- Super-white

Method

- Combine phase A in a beaker, heat to 75degC and hold temperature for 10 minutes.
- Combine phase B in a separate beaker and heat until all solids are melted.
- Homogenise phase A at 5000RPM until fully combined.
- Add phase B to phase A under homogenisation and homogenise for several minutes until fully combined.
- Cool under high speed stirring (650RPM).
- Add phase C and stir in by hand until combined.

Characteristics

Stability

Stable for 3 weeks at 50°C and 3 months at 40°C

Appearance

Pale Yellow Fluid Emulsion

PH

7.0-7.5

Viscosity

N/A

✓ PEG Free

✓ Natural Origin

✓ COSMOS Approved

✓ Vegan

✓ Palm Oil Free

Adapt the Formula

- Change organic sunfilters for different SPF rating.
- Add actives for further skin benefits.
- Change oils for different benefits.
- Add fragrance.
